OBJECTIVE

Eager to apply my Computer Science skills, strong communication abilities, and problem-solving mindset in a dynamic environment while continuously learning new technologies, staying updated with industry trends, and effectively handling ambiguous challenges in fast-paced, agile development settings.

EDUCATION

B.Tech in Computer Science, Vignan University, Vadlamudi
CGPA: 8/10

2021 - 2025

SKILLS

Programming Skills	Java, C
Databases	Relational database - MySQL
Academic Coursework	Operating System, Design Algorithm Analysis, Complexity Analysis Object Oriented Programming, Data Structures, Agile Development
Tools	Informatica - Power center (Extract, Transform, load), Informatica - Master Data Mangement.
Certifications	Preliminary English Test (Cambridge University), Java Basics (Hacker Rank), Problem Solving (Hacker Rank), Network Essentials (Cisco)

EXPERIENCE

Programmer Analyst - Intern
Cognizant Technology Solutions

April 2025 - June 2025
Chennai, Tamil Nadu

- Gained hands-on experience in **ETL (Extract, Transform, Load)** processes and **Master Data Management (MDM)** using **Informatica PowerCenter** and **Informatica MDM** tools.
- Worked on a data integration project involving **collection of hospital and medical practitioner** data from multiple sources.
- Utilized **Informatica PowerCenter** for data extraction, transformation, and loading into Landing Tables
- Implemented **match and merge rules** in Informatica MDM to identify duplicates and create **Golden Records** representing the most accurate and complete data.
- Ensured data quality, consistency, and uniqueness across systems through effective MDM strategies.

Teaching Assistant in the Department of CSE
Vignan University

January 2025 - April 2025
Vadlamudi, Andhra Pradesh

- Assisted faculty in conducting classes, clarifying student doubts, and providing support during lab sessions.
- Guided junior students in academic projects and helped them understand core concepts, especially in **Operating Systems**.
- Acted as a bridge between students and faculty to ensure effective learning, timely doubt resolution, and smooth communication during classes and lab sessions.

PROJECTS

Examination Module for Vignan University - Major Project

- Worked as a **Backend Developer** for **College Examination Module** using **Node.js** and **Express.js**, supporting both student and admin functionalities.
- Implemented features such as **bulk question upload via Excel**, **exam creation with scheduled date and time**, and **question assignment based on difficulty level**.

Student Course Allocation System

- Worked as a **Backend Developer** using **Node.js** and **Express.js** to automate student **course preference collection** and **allocation**.
- Implemented **authentication**, **APIs** to handle **student preferences**, and **Generating Excel report** after Course Allocation.
- Used Postman Api tool to Test the created api's.

Movie Recommendation System ([Project Link](#))

- Developed the **collaborative filtering** module of a **Movie Recommendation System** using **Python**, suggesting movies based on user behavior and preferences.
- Integrated the model into a system that also used popularity-based filtering, improving overall **user satisfaction**.

Railway Ticket Booking System ([Project Link](#))

- Worked as a **Backend Developer** for a **Railway Ticket Booking System**, allowing users to book train tickets and enabling admins to add new trains and approve user tickets.
- Implemented functionalities such as **adding new trains**, **approving ticket bookings**, and **train search** for users.

EXTRA-CURRICULAR ACTIVITIES

- **Badminton player** and stood in **2nd** place in the department fest.
- **NSS co-ordinator** - As a co-ordinator involved in many **NSS activities** such as **cleaning the campus** and **distributing books to students** in nearby villages around the university.
- Hostel mess **student committee Incharge**.
- Participated in **Quizz**, **1vs1 coding** and **UI/UX Design** Competition.

LEADERSHIP

- Worked as a **Teaching Assistant** for **Operating System** alongside my **Project**.
- As a **stage and quality management Co-ordinator** I Led a team of 20 Students in **Vignan Mahostav 2024**.
- As a **School People Leader** I Led a Group of students to organize events in **10th Grade**.
